

JAMES SCHOONOVER.

MARCH 5, 1840.

Laid on the table.

Mr. CHITTENDEN, from the Committee on Invalid Pensions, made the following

REPORT :

*The Committee on Invalid Pensions, to whom was referred the petition of James Schoonover, report :*

That, having had the case of James Schoonover under consideration, it appears, from a petition, purporting to be signed by citizens of Mercer county, Ohio, that said Schoonover was in service in the late war and was wounded, and has since the 25th August, 1820, received a pension of \$8 per month. There is, however, no evidence of the truth of the facts stated in the petition, which is the only evidence in which the claims rests, and the committee ask to be discharged from the further consideration thereof.
